

HELL

IS

REAL!

What if hell is real?

Either I believe hell—a place of eternal punishment—is real or I do not. Let's look at what happens if I am wrong in both cases.

If I believe it exists and do everything within my power not to go there and my belief turns out to be wrong, what would I have lost? I would have lived an upright life, loving others and contribute to my society as a productive citizen.

If on the other hand I do not believe it exists, turns out I am wrong and end up there, is that a risk I am prepared to take?

We do not like to hear about hell. We see it as doom and gloom, a 'nansi story. But suppose my neighbor believes my house is on fire, and warns me, I certainly would not accuse him of doom and gloom. If it turns out to be false I would be happy that he is looking out for my welfare.

We need to get real. We know there is a God because He has placed a sense of other-worldness in our hearts. We know that there is some connection to a spirit realm out there. That same God sent His Son Jesus Christ. Jesus Christ is a historical figure not a religious one, and He talked of hell.

So friends, be intelligent. Settle the hell question, do not put it off. To avoid hell we need to be reconnected to the life we had before we sinned. This means acknowledging that sin, believing that only the sacrifice of Christ is sufficient to take that's in away. Ask Him to take away your sin and to take control of your life.

Pray this prayer:

“Dear God, I acknowledge I am a sinner. Take control of my life; I want You to be my Lord and Saviour. I want to have a relationship with You so You can teach me about life, in Jesus’ Name, Amen.”
