Life

Work

“Life sucks!” How many times have we heard this. From a heartbroken teenager, a depressed adult, or our own disgruntled lips. There was a guy who lived many thousands of years ago who said the same thing. He had lost his investments, his property, his children, and even his health. He cursed the day he was born in the most drastic terms.

However, through his pain and silent listening, Job learnt some things that started him on the road to recovery and can give us hope as well.

- God’s integrity is unquestionable. It is only human to question God, but expecting the kind of answer we desire is folly.

That's because

- God follows different rules. Life seems unfair if we do not know the rules. We may never know the rules, but we can know the One who has the Master Plan.

“For God so loved the world that
He gave His only begotten Son
that whosoever believes in Him
should not perish but have Everlast
ing life.” John 3:16

So, life sucks. Yes it does. But what's new? It doesn't help to have a pity party. What works? What makes life work is facing the reality that we cannot make it without the Life giver. Jesus is the Way, Truth and the *Life*.

It's the way we were born to live. It's the way we were
born to walk. To have the life of Christ, in us. Yes, life can
work!
