

WHY LIGHT UP?

It's just a habit.

Everybody has some vice.

Anytime I make up my mind, I can stop.

I can't help myself.

I just do it now and then, no harm

It's this job. You need to relieve stress.

It does add some class to my lifestyle.

WHY SHOULD I?

Allow a 4cm stick to encourage me to do something I do not really want to do?

Walk around with my master in my pocket?

Slowly destroy my lungs and my body?

Voluntarily pollute my environment?

Tarnish my image as a role model?

EPilogue

Those of us who do not light up are little better than those who do if we live in the power of our humanistic strength.

We must acknowledge that man in his natural state is not wired to fulfill his Divine destiny. We were fouled. It is difficult to do the things that we should.

The way back is as easy as ABC.

Acknowledge that this is so.

Believe that the price has been paid for your sin

Confess your sins and ask Jesus Christ to be your new Master. Switch masters:

LIGHT UP YOUR LIFE

"For the wages of sin is death but the gift of God is eternal LIFE."
